## DURBAN HIGH SCHOOL

26 April 2016

To whom it may concern

**RE : Farhaad Sallie 12U**

I have taught Physical Science to Farhaad both last year and currently this year. Throughout this time he has proved himself to be a diligent pupil. He always gives of his best, his positive work ethic and perseverance have resulted in his marks improving considerably from 65 % at the end of 2015 to achieving 90% for Term 1 2016.

Farhaad is an extremely polite well mannered pupil, who has made a positive contribution to the school through the example that he sets for the pupils around him and to the junior pupils. He always conducts himself in a manner that commands respect from his peers. He has proven himself to be thoroughly reliable and honest. His positive attitude, helpful manner and compassionate disposition have made him popular and well liked by his peers and the staff alike. He is an active member of the First Aid club giving of his time at sporting fixtures mainly rugby fixtures which are very demanding.

I have no hesitation in recommending Farhaad to any institution of higher learning or potential employer.

Yours sincerely

**W R SMYTH**  
Grade Academic HOD

**L M ERASMUS**  
Head Master
